**ALWAYS A  
CHANCE...**

[www.alwaysachance.org.uk](http://www.alwaysachance.org.uk)

**On 16 April 2011, James Cooper and James Kouzaris were tragically shot dead in Sarasota, Florida. In their short lives, both saw great value in the pursuit of new experiences such as travel and sport.**

**They developed into wonderful, commendable young men with a zest for life and a love and respect for the world and humanity. Always A Chance has been established in their memory to change the lives of young people at risk of being involved with violent crime.**

**Through education and experiences we hope to encourage young people to make the right choices and turn their back on violence. We will work with existing organisations that share our aims with a view to establishing our own initiatives as we move forward.**
